- Workshop 1-1 Building or Enhancing Worksite Wellness Programs under the ACA**
Presenter: Presented by Trustmark Companies
- Workshop 1-2 Is Self-Funding a Viable Option under the ACA?** Address the considerations that employers have in funding their health care plans. ACA continues to allow employers a high level of flexibility through self insurance options. This comprehensive presentation was designed to address not only basic terminology and plan design considerations, but the pros, cons, and an update on current ACA regulation as it pertains to self insurance arrangements. **Presenter: Liz Midtlien, Chief Marketing Officer of Starline Group, and Chairman of the Health Care Committee for Self-Insured Insurance Association**
- Workshop 1-3 Creating a Small Business Wellness Program** Proactive integrated on-site health care can help transform healthcare by putting patients and employers back in the driver's seat.
- The cost of the current health care system has gone from 7% of company profits to over 50% of company profits in the last few decades due to five key root causes
 - These proactive integrated on-site health care systems directly address the key root causes of our health care crisis and drive a consistent reduction in health care costs of more than 20%.
 - This system also makes a positive difference in people's lives and increases employee satisfaction.
 - This system offers fully integrated programs that engage patients, deliver primary care, support a culture of health and guide the health care continuum. **Presented by Activate Healthcare**
